# Rahul Sharma

Software Engineer

Professional Summary

- Collaborated with cross-functional teams to develop and maintain microservices-based applications using Java and Spring Framework, ensuring high performance and scalability.
- Played a key role in the design and implementation of the CC bundling module, streamlining the process of bundling credit cards for customers, resulting in a 20% reduction in processing time.
- Contributed to the KYC (Know Your Customer) module, implementing robust data validation and verification processes to enhance compliance and reduce fraud.
- Implemented Face Authentication, integrating cutting-edge facial recognition technology into our applications, improving security and user experience.
- Actively participated in lead generation features, optimizing database queries and backend services, leading to a 15% increase in lead conversion rates.
- Addressed and resolved VAPT (Vulnerability Assessment and Penetration Testing) points promptly, enhancing the security posture of the applications.
- Utilized MongoDB to store and manage large volumes of structured and unstructured data efficiently.

Work History

2022-01 - Current

Software Engineer

Lentra AI, Pune

- Reviewed project specifications and designed technology solutions that met or exceeded performance expectations.
- Worked with software development and testing team members to design and develop robust solutions to meet client requirements for functionality, scalability, and performance.
- Delivered unit-tested systems within customer-prescribed timeframes.
- Updated old code bases to modern development standards, improving functionality.

Education

2016-08 - 2020-06

Bachelor of Engineering: Mechanical Engineering

Lakshmi Narain College of Technology Excellence - Bhopal

Certifications

2023-06   Cyber security Awareness program

2023-04   MongoDB Developer and Administrator

2023-06   SPOT AWARD at Organization

Hobbies

In my free time, I indulge in various hobbies that allow me to explore my creative side and unwind. Painting and sketching serve as my artistic outlets, enabling me to express my imagination on canvas. Additionally, I have a passion for traveling, which allows me to explore new cultures, gain fresh perspectives, and savor diverse cuisines. These hobbies not only provide relaxation but also fuel my creativity and curiosity, enriching both my personal and professional life.
